## Season's Greetings from everyone on the Upper Canada team!

Thank you for your support this past year. For us the greatest aspect of what we do is developing the relationships that grow and enrich our lives.

At Upper Canada we are so very fortunate to have enjoyed enduring friendships with our customers for 25 years.

Every year our Group likes to give back, therefore in the name of all our customers,

suppliers and staff, we will be making a series of donations to local children's charities, which our team can tell you more about.

Thank you again for your continuing support and for your friendship. May the coming weeks bring you good cheer and happiness that continues throughout the New Year!
